Faculty of Nuclear Sciences and Physical Engineering of the CTU in Prague open competition
for 2 academic positions

The Dean invites applications for two Assistant Professor positions in the Department of Nuclear Chemistry (DNC) according to § Section 77 of Act No. 111/1998 Coll., on Higher Education Institutions and on Amendments and Additions to Other Acts (Act on Higher Education Institutions), as amended.

Requirements:

- Ph.D. in chemical disciplines,
- at least 5 years of experience in the field of chemistry (research, development, industry),
- publishing activities in chemical and physical-chemical fields,
- experience with writing and submitting research projects and grants,
- knowledge of Czech and English languages at least at level B2,
- pedagogical practice at university is an advantage,
- practice in a radiochemical laboratory is an advantage.

Estimated scope of work:

- creative activity oriented to the areas of chemistry of superheavy elements and/or ultra-trace analysis,
- preparation and work on research projects,
- research collaboration with foreign laboratories,
- teaching of compulsory and obligatory elective courses within the study programme Nuclear Chemistry,
- supervision of research works of bachelor, master or even doctoral students.
We offer:

- open and creative environment at the department, an option to collaborate with inspiring colleagues; the opportunity to teach and lead highly talented, motivated and hardworking students of our education programmes,
- fixed-term employment with the possibility of extension, work time equivalent by agreement,
- salary and remuneration corresponding to performance in research, education, and grants (50,000 – 65,000 CZK/month).

**Start date: January 1, 2024** or as mutually agreed.

Questions can be e-mailed to the Head or Office of Department of Nuclear Chemistry.

Applications with a curriculum vitae, copies of proof of education, an overview of teaching, scientific and publishing activities, should be sent marked „Open competition – Assistant Professor positions in the Department of Nuclear Chemistry“ to the Personnel Department of the Faculty of Nuclear Sciences and Physical Engineering, CTU in Prague, Břehová 7, 115 19 Prague 1, Czech Republic or e-mailed to personálni@fjfi.cvut.cz no later than **November 30, 2023** (inclusive).

Assoc. Prof. Václav Čupá, Ph.D.
Dean Faculty of Nuclear Sciences and Physical Engineering, CTU in Prague
